SPAWAR Systems Center Charleston Awards Contract

CHARLESTON, S.C. — Anteon Corporation, Fairfax, Va., is being awarded a \$5,159,306 Indefinite Delivery, Indefinite Quantity, Time and Material type contract to provide engineering and technical support services to the Space and Naval Warfare Systems Center Charleston for the Navy Shore Electromagnetic Environmental Effects (E³) Program, SPAWAR Command, Control, Computers, Communications, Intelligence, Surveillance, and Reconnaissance (C4ISR) Systems/Equipment, and other related Electromagnetic Environmental Effects systems. These activities support a variety of customers, including the Space and Naval Warfare Systems Command, the Naval Air Systems Command, the Naval Sea Systems Command, the Chief of Naval Operations, the Marine Corps, the U.S. Coast Guard and other Federal agencies. This contract includes four one-year options, which if exercised, would bring the cumulative value of the contract to \$27,542,961. The work will be performed in Charleston, S.C. and is expected to be completed by December 2003. If all options are exercised, the period of performance will continue through December 2007. Contract funds in the amount of \$25,000 will expire at the end of the fiscal year. The contract was competitively procured under full and open competition. The Request for Proposal was posted on the SPAWAR E-Commerce website and two offers were received. The Space and Naval Warfare Systems Center Charleston is the contracting activity for this action (N65236-03-D-3714).
